This was demonstrative evidence and the contents of it were explained on the record. And quite frankly Fran, putting everything in perspective, I think this pales in comparison to the serious issues involved with removing admitted evidence out of the court room. And note, these are not simply allegations on our part, this is something you admitted to doing on the record. As to our piece of paper that we used in closing, my recollection is that you used this in your closing as well...I am not sure it was returned to us. Please check your documents. Thank you

That is a serious problem for us in light of the claims you made against us in your motion. Please keep us posted.

Fran, we can't seem to find it - neither a hard copy or online.
I will continue looking for it. Lorraine

We have received and reviewed your motion. Can you provide us with a copy of the chart that was presented to the jury during your closing? Because it was not in evidence, we do not have a copy and would like to reference it in our response.
